Dimensions	609mm x 326mm x 91mm
Warranty	One year
Weight of Scale	1.55kg

Please note: Marsden's policy is one of continuous development and therefore we reserve the right to change product specification without notice.

Safety Instructions

Before putting this scale into use, please read with care the information given in this user manual, which contains important instructions for proper installation, use and maintenance of the device.

Marsden/the manufacturer shall not be liable for damages arising from failure to heed the following instructions:

- When using electrical components under increased safety requirements, always comply with appropriate regulations.
- Inappropriate installation/use will render the warranty null and void.
- This product is not waterproof. We do not recommend using the scale in humid, damp or wet environments. Humidity above 85% or contact with water and other liquids could cause corrosion and affect the precision of the scale.
- Observe the permissible ambient temperatures for use.
- The device meets the requirements for electromagnetic capability. Do not exceed the maximum values specified in the applicable standards.
- Never step on the scale.

If you have any problems, contact Marsden/your local dealer/your service partner.

Cleaning

- Please do not use corrosive liquids or large amounts of water to clean the scale. We recommend using alcohol-based wipes or similar.
- Always disconnect the scale from the mains power supply before cleaning.
- ⚠ Never disassemble the scale as this may cause malfunction.

Maintenance

- The scale does not require any routine maintenance. However, we recommend checking the scale's accuracy at regular intervals. If any inaccuracies occur, please contact Marsden, your local dealer or service partner.

Disposing of the Scale

- This product should not be treated as regular household waste but should be handed in to an electrical/electronic equipment recycling centre.

Warranty

- This product is covered by a one year warranty starting from the purchase date, which has to be proven by means of your purchase invoice and this document. This warranty period complies with the laws in force.
- The warranty covers only production defects and does not apply if the damage is caused by accidental events, misuse, negligence or improper use of the product. Use the supplied accessories only; the use of other accessories invalidates the warranty cover.
- Do not open the equipment for any reason whatsoever; the opening or the tampering of the inner workings of this product will invalidate the warranty.
- Warranty does not apply to parts subject to wear and tear or to batteries, when they are included.

Before Using the Scale

- All Marsden V-24 scales come complete with plastic platform, plastic base and a handle. There are four easy to use function keys: ON/OFF, UNIT, TARE, HOLD.
- The scale can be used in a fixed location or as a portable scale
- If you require any assistance with using the V-24, call the Marsden team on 01709 364296, quoting model number V-24 and the serial number, which can typically be found on the underside of the scale.
- Before use, ensure the scale is on a flat surface. An uneven surface for weighing could result in inaccurate readings.

Operation

Switching the Scale on/off

- To switch the V-24 on, press **ON/OFF**.
- Once the scale shows a line of zeros, it is ready to use.
- To switch the V-24 off, press and hold **ON/OFF** for three seconds.

Using the Hold function

- The Hold function allows you obtain an accurate weight reading, even if the animal is moving on the scale.
- With the animal on the scale, press **HOLD** once.
- The weight reading will hold on the screen after a few seconds.
- Please note: If left, the scale will automatically power-off to save battery power.

Using the Tare function

- The Tare function allows you to remove unwanted weight from the display, such as a towel or blanket.
- With the scale switched on, place the item you wish to tare off onto the platform.
- Press **TARE**. The display will show zero.
- You can now place your animal on the scale with the towel or blanket.
- Switching the scale off will cancel the tare weight.

Switching between kg and lb

- At any time, with the scale switched on press **UNIT** to toggle between kg and lb readings. The unit of measurement will be indicated top right of the display.
