Marsden B-100:

Waterproof Bench Scale

- IP68 rated waterproof scale
- Stainless Steel structure
- Easy to read bright LED display
- Front and rear display
- Adjustable levelling feet
- 40 hours of continuous use
- Auto-power off
- Hi/lo check weighing
- Perfect for tough, damp and wet environments
- Mains adaptor protected in compartment in scale

Complete water protection

The B-100 is fully waterproof - this has made it a popular choice for food industries where weighing scales need to cope with getting wet on a regular basis.

The weighing scale features from a fully stainless steel enclosure, encapsulated loadcells and a waterproof indicator. This ensures that the scale is fully protected against liquids.

Portable

An internal rechargeable battery provides over 40 hours of continuous use, should you need to charge the scale, the cable is stored in the base of the product.

The battery life, combined with the lightweight construction make the B-100 a truly portable weighing solution which can easily be transported to anywhere that accurate weighing is required.

Overload protection

The B-100 is a suitable weighing scale for any factory or warehouse due to the built in shock-proof and overload protection for the inner loadcells.

Due to this and the built-in Hi/Lo alarm, it provides the used with reassurance that their scale will be working in prime condition for many years. Plus, it is covered by our 1 year warranty.
