# Marsden B-200:

## Versatile Bench/Floor Scale

- Crystal clear 1" LCD display
- Stainless Steel Platter
- Weighs in kg or lb
- Wall bracket included
- Auto power-off
- Easy to use
- Wipe down platter
- Tare function
- Suitable for most industrial environments
- Choice of capacities and graduations

### Easy to use

The B-200 bench scale keeps things simple - with a bright display and just five function buttons. Place your item or items on the stainless steel, wipe-down weighing pan.

Use the Tare function to remove unwanted weight, like a box. It's also unit switchable, so you can weigh in pounds or kilograms. It also has a count function to allow the user to stocktake with this device.

### Portable

The B-200 is a highly versatile weighing solution as it can be powered using a mains adaptor (supplied) or via 6 x AA batteries for if you need to move the scale.

This device has been designed to be as lightweight as possible, weighing only 4.1kg, which means that the B-200 can be easily transported to where you need to operate the scale.

### Flexible indicator

The B-200 features from a versatile indicator, which means that regardless of what is placed on the scale, the indicator is always easy to see.

The B-200 is supplied as standard with a wall bracket and due to the crystal clear LCD display, the weight reading can be easily seen from any distance, in a vast number of environments.
