Class III/Trade Approved

Regardless of whether you call it Class III Approved or Trade Approved, the B-400 weighing scale is approved to the NAWI Directive.

This means that the B-400 is suitable for use within a medical environment for weighing swabs and nappies. Yet also perfectly at home in a factory or warehouse providing Trade Approved weights.

Portable

An internal rechargeable battery provides at least 40 hours of continuous use, which offers you great flexibility and manoeuvrability for your staff.

Plus, the B-400 is also compact and only weighs 3.6kg, so staff can quickly and conveniently transport the scale to anywhere that accurate weights are required, either in medical or industrial fields.

Splashproof

The B-400 is more than capable of performing well in a damp environments, thanks to its splashproof IP67 stainless steel casing.

IP67 rated scales are protected against water and can be washed down easily and quickly. This means that the scale is incredibly hygienic and suitable for a wide range of environments.
