

MARSDEN

B-450 Small Bench Scale

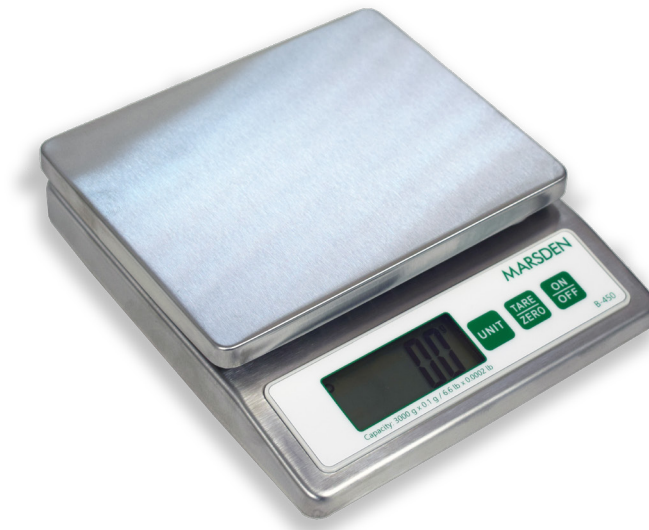

- IP67 rated splashproof scale
- Stainless Steel structure
- Easy to use
- High accuracy sensor for precision weighing
- Weighs in g or lb
- Large easy to read 20mm LCD display

Marsden B-450:

Small Bench Scale

- IP67 rated splashproof scale
- Stainless Steel structure
- Easy to use
- High accuracy sensor
- Weighs in g or lb
- Large easy to read 20mm LCD display
- Removable pan
- Auto-power off
- Optional calibration certificate
- High precision weighing

Splashproof

The B-450 is more than capable of performing well in a damp environments, thanks to its splashproof IP67 stainless steel casing.

The IP rating means that the B-450 is built to last in places where water and dust is common. Plus, this means that the device will survive through regular cleaning to keep the scale hygienic.

Portable

An internal rechargeable battery provides at least 40 hours of continuous use, which offers you great flexibility, making it ideal for use in warehouses and factories.

Plus, the B-450 is also compact and only weighs 2.6kg, so taking it to where you need it is no problem, essential when you are working in high pace environments such as kitchens and food processing factories.

Precision weighing

The B-450 is one of the most precise bench scales in our collection due to the incredibly small graduations of 0.1g, making weighing even the smallest things easy.

Additionally, a high accuracy weighing sensor means even higher weighing resolution results. This makes the scale perfect for portion control in kitchens and food factories.

Capacity:	3kg, 5kg	Power Supply:	Replaceable Batteries (9V alkaline battery)
Graduations:	0.1g, 1g	Battery Life:	40 hours of continuous use
Functions:	Tare, Portable	Approvals:	Non-Approved
Dimensions:	170mm x 150mm x 50mm	Optional Extras:	N/A
Weight of Scale:	2.6kg	Warranty Period:	1 Year
