Trade Approved

It is a legal requirement that all scales used in the buying and selling of goods are Trade Approved. That means retail scales, must always be Trade Approved.

The DS-781 allows price to be accurately calculated on a price per kg basis or price per 100g, without the need for the cashier to manually calculate the price, reducing chance of error.

Waterproof

The DS-781SS is IP68-rated, which is the highest waterproof rating sold by Marsden.

It makes the DS-781SS perfect for challenging environments, and where it needs to be regularly washed down to keep it hygienic. It also means it can be used to weigh product that may be wet or contain moisture, such as fish.

Faster transactions

Choose the DS-781 for an easier retail experience. It has both customer and operator displays, which enables quick transactions.

It also has 99 PLUs and 16 pre-set keys, which means weights and prices of items you sell can be stored to the memory, and easily accessed when you or your staff need them.
