### What is the I-100-APP?

The I-100-APP is our trade approved indicator and it is quick and easy to use for accurate weighing. This indicator allows the user to obtain high accuracy readings.

This easy to use indicator can be paired with a Marsden bench or platform scale to enable simple weighing with a wide range of functions available to improve processes and save money.

### Clear and easy to read

The I-100-APP combines tough, rugged build quality with easy to use features and a bright, bold weight display making it perfect for use in all environments.

The indicator is primarily designed for easy buy precise check weighing. Therefore, it has a bright and clear 25mm LCD display, which can easily switch between lb and kg readings.

### Trade Approved

The I-100-APP is our entry level trade approved indicator. Trade approvals means that the scale can be used when money is exchanging hands due to the weight.

We have a vast range of trade approved scales within our range and if you would like to find our more about trade approvals, please visit the Marsden Blog or speak to a member of our team today.
