### Clear and easy to read

The I-200 is an IP67 rated industrial weighing indicator, which features from a bright red LED display, making it easily visible in all environments.

The indicator is primarily designed for easy buy precise check weighing. Therefore, it has a bright and clear LED display, which can easily switch between lb and kg readings.

### Easy to use

Featuring from just 4 easy to use function buttons, the stainless steel I-200 is an incredibly easy and simple to use industrial weighing indicator.

With Tare and Zero functions, it is straightforward to obtain accurate weights, without needing to deduct anything from the overall weight, as the scale does that all for you!

### Splashproof

The I-100SS is suitable for application in a wide range of environments due to the IP67 rated housing which means that the scale can be regularly washed down.

IP67 rating means that the scale is now only completely protected when it comes to dust particles, but the scale can also be washed down regularly in order to keep hygienic, with no issue being caused to the scale.
